DIYANA JAYASEKARA

SOFTWARE ENGINEERING UNDERGRADUATE

No:83 Pelakatiya Watta, Godakanda, Galle | linkedin.com/in/Diyana-jayasekara
(+94)704518909 | senadidiyana@gmail.com | github.com/Diyana

SUMMARY

Motivated second-year Software Engineering student at IIT Sri Lanka (affiliated with the University of Westminster) with strong foundational skills in Python, Java, web development, and UI/UX design. Experienced in building real-world academic and personal projects involving frontend development, data analysis, and problem-solving. Passionate about continuous learning and eager to contribute to software solutions through teamwork, creativity, and technical skill.

EDUCATION

BEng (Hons) Software Engineering **Sep 2024 – Present**
Informatics Institute of Technology (IIT) , Sri Lanka
Affiliated with the University of Westminster , UK

GCE (A/L) Examination **2023**
Sanghamiththa Balika Vidyalaya, Galle
Physical Science Stream

- Combined Maths : C
- ICT : B
- Physics : S

GCE (O/L) Examination **2020**
Sanghamiththa Balika Vidyalaya, Galle

TECHNICAL SKILLS

- **Languages :** Java, Python, ReactJS, HTML, CSS, JavaScript
- **Frameworks & Libraries :** Java Swing
- **Database Systems :** MySQL, SQL
- **Tools & Platforms :** Git/GitHub, Google Colab, Figma
- **IDEs :** IntelliJ, Visual Studio Code, Visual Studio , NetBeans, Eclipse

SOFT SKILLS

- Problem solving skills
- Multitasking
- Focused and Hard working
- Self-Motivation

ACHIEVEMENTS & EXTRACURRICULARS

- Awarded for selection into a government university under the Physical Science stream - 2024
- Member of the Aesthetic Band - 2016
- Member of the Rotaract Club of IIT - 2024
- Member of the Leo Club of IIT - 2024
- Member of the IEEE Club of IIT - 2025
- Member of the Science Society Sanghamiththa Balika Vidyalaya - 2023
- Event Volunteer - SHErlock 3.0 | IEEE Women in Engineering (WIE) of IIT - 2026

PROJECTS

Traamp – Mobile Application for Tourism
Software Development Group Project | Dec 2025 – Ongoing
Technologies: Flutter, Dart, Node.js, Firebase, REST APIs, ReactJS, Figma, Canva

- Developing a cross-platform tourism mobile application connecting SLTDA-certified tour guides with tourists in Sri Lanka, featuring verified guide profiles, location-based discovery, real-time maps using Google APIs, AI-assisted travel support, and secure Firebase authentication.

Feed the Future – Zero Hunger Awareness Website
Web Design & Development Group Project | Feb 2025
Technologies: HTML, CSS, JavaScript

- Developed key components of a responsive SDG-focused website using HTML, CSS, and JavaScript, including splash screen animations and a volunteer engagement page, ensuring accessibility, responsiveness, and alignment with the UN Zero Hunger goal.

Traffic Flow Data Analysis System | Nov 2024 – Dec 2024
Technologies: Python, CSV, Tkinter

- Designed a modular Python program featuring input validation, CSV data processing, loop-based dataset handling, file output generation, and GUI-based histogram visualization using a class-oriented Tkinter design.

QR Code Generator & Reader | Aug 2025
Technologies: Python, qrcode, Pillow (PIL), pyzbar

- Developed a Python-based application to generate customizable QR codes for text and URLs. Implemented QR code scanning using image processing and barcode decoding to extract encoded data accurately.

SkyNow – Weather Forecast Website | June 2025
Technologies: HTML, CSS, JavaScript, OpenWeatherMap API

- Developed a responsive weather website that retrieves and displays real-time weather data based on user input. Implemented API integration, input validation, dynamic UI updates, loading states, error handling, and weather icons to provide an interactive and user-friendly experience.

CERTIFICATES

- Java Essential Training – LinkedIn | May 2025
- Python for Beginners – University of Moratuwa | Apr 2025
- Web Design for Beginners – University of Moratuwa | June 2025
- React Essentials – LinkedIn | Aug 2025
- Postman API Fundamentals for Student Expert - POSTMAN | July 2025
- Introduction to GitHub – Microsoft | Sep 2025
- AI/ML Engineer Stage 1 – SLIIT | Sep 2025
